

## ENTERING FIELD INFORMATION/PERMITS

First log in to the PAGES website by going [www.pags.org](http://www.pags.org) and clicking on 'List of Clubs' in the upper right-hand corner of the page. Then click on your Club Name. Click on the login link in the upper right-hand corner of the screen.

Enter your email address and password in the dialog box. The email address **must be the same as one of the people listed for your club that has administrative access to the site**. If you have administrative rights to your Club page your password will have been mailed to you. If you have forgotten your login or password click on the link at the bottom of the dialog box.

The screenshot shows a "Club Log-In" dialog box. It has a title bar that says "Club Log-In". Below the title bar, there are two input fields: "Email Address" with the text "tcorey" and "Password" with a masked password "\*\*\*\*\*". There is a "Log In" button to the right of the password field. At the bottom of the dialog box, there is a message: "\*\* You may retrieve your LOG IN info if you have forgotten (or never received) it \*\*".

You will see an administrative menu.

Select **CLUB Field Info** to enter/update field information and to enter permits for these fields.

Permits for Saturdays															
Field	Priority	Ages	M	T	W	T	F	S	S	From	To	Max	Start	End	Notes
Telegraph Rd Field #1	1	13-19	-	-	-	-	X	X		8:00 AM	--dark--	4	Sat 9/8/12	Sun 6/30/13	

Permits for Sundays															
Field	Priority	Ages	M	T	W	T	F	S	S	From	To	Max	Start	End	Notes
Telegraph Rd Field #1	1	13-19	-	-	-	-	-	X	X	8:00 AM	--dark--	4	Sat 9/8/12	Sun 6/30/13	

By the link below, you will be directed to a screen giving you control over your field permits. Please read the following instructions before proceeding.

### Instructions for Managing Field Permits

- "List"** Here you will see a list of all your current permits. When you start each season, chances are you have no current permits. To see old permits, change the date to sometime in the past, such as one year ago, and click the Set Limits button. This will let you see older, non-current permits, if any.
- "Add new" or "Clone"** The easiest way to make a new permit is to "clone" an old one. If you see a permit that is suitable that just needs some adjustment, press the clone link, and you will have a new copy of the permit so you can make changes. Alternatively, you can click the link that says "Add a new permit" to create one from scratch. Please note in some cases such as leagues you may want to maintain a "Spring" set and "Fall" set of permits for easier modification each season - if so, you would clone a new set if you only have one typical season created so far.
- "MOD"** If you have any existing permits, you may click the green plus sign "+" to make any changes to a current permit. (It's best not to change old permits from prior seasons, as they serve a purpose as a historical record of past uses of each field.)
- "Other Details"** When you are adding, modifying, or cloning a permit, you may control a number of details about the use of the field.
  - Priority may be left blank, unless you have any reason to favor the use of a particular field. In this case, priority 1 fields will get used first, priority 99 will be used last.
  - Days of the week Click the check box beside the days of the week that this permit pertains to. If you have different hours of operation on Saturday and Sundays, for example, then make this permit for only Sat or Sun, not both.
  - Max games may be left blank, unless you must not exceed some limit on number of games played on the field on any single day.
  - Dates and times are required. If you must interrupt the use of the field for a holiday, then you must clone the permit into the period before the holiday, and the period after the holiday. Note however, that if your league doesn't even play games over a particular holiday, then you don't need to exclude those dates, because no games will be scheduled during that time anyway.
  - End at dark If your field does not have lights and/or the park closes at dark, then you ought to check the "End at dark" box. This means that the scheduling of games on this field will be limited to the time of sunset each day.
  - Age and gender should be set to control who is allowed to use the field.
  - Notes Any special circumstances about this field may be noted. Bear in mind, however, the computerized scheduling system will of course not be able to react to the information provided here.
- "Limits"** You can simplify the list of permits by setting the filtering limits, such as only Saturdays, or only U13's, etc.

If you just want to work on new fields or directions, click here to [Edit Fields and Directions](#).

The first screen shows your current field permits, permits that expire after the current date. If you do not have any new fields you can follow the instructions on this screen to update the permit information for your existing fields for the upcoming season.

If you need to add or modify the information for a field(s) or add directions to an existing field click on [Edit Fields and Directions](#) at the bottom of the page.

In the PAGES database fields are actually two pieces of information the Complex name and the Field name/number. Fields for small-sided games should have a ss designation. (e.g. USTC Field #11, Talley MS Lower Field, Telegraph Rd. Field #3 (ss))

To add a new complex/field(s) select on [Add a New Complex](#).

## Add a New Field COMPLEX

\*\* Please Note \*\* Fields are categorized by "Complexes" where more than one field may exist at the same general location.

ADDRESS (City/State required for MapQuest link)	INDIVIDUAL FIELDS (more may be added later)
Complex Name: <input style="width: 90%;" type="text"/> Address: <input style="width: 90%;" type="text"/> City: <input style="width: 25%;" type="text"/> State: <input style="width: 15%;" type="text"/> ZIP: <input style="width: 15%;" type="text"/>	1. <input style="width: 90%;" type="text"/> 2. <input style="width: 90%;" type="text"/> 3. <input style="width: 90%;" type="text"/> 4. <input style="width: 90%;" type="text"/>
COMPLEX Directions	
<div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;">             Font <input type="text"/> Size <input type="text"/> Format <input type="text"/> </div> <div style="border: 1px solid #ccc; padding: 5px; margin-bottom: 5px;"> </div> <div style="border: 1px solid #ccc; height: 150px; width: 100%;"></div>	
<input type="button" value="Save"/>	

Add the name (e.g. Telegraph Rd.) and the address of the complex. **It is important that you include the address for opponents to use a GPS to find the complex.** Add the name of the field(s) (e.g. Field #1, Field #2 (ss)). You can enter directions on this page as well. If only have 1 field at a complex and it doesn't have a name enter Field #1 or Field #1(ss) as appropriate.

## Telegraph Rd

**ADDRESS** **992 Telegraph Rd**  
**Hilltown, PA 18944**

[View Google™ Map](#)    [View Weather](#)    [Signup for closure text notification!](#)

**DIRECTIONS** From North: From North: From the intersection of Route 309 and Route 113 (Souderton), take Route 113 North to Telegraph Road which is about ¼ mile past Rt. 152, turn left go approximately ¼ mile, fields will be on the right. From South: From Route 309 and Hilltown Pike (Zoto's Diner, one traffic light south of the Walmart, town of Colmar), take Hilltown Pike - **STAY ON THE MAIN ROAD** - Hilltown Pike twists and turns. After 3 miles Hilltown Pike will junction with Route 152, about 300 yards after the junction, Hilltown Pike bears to the left, stay left, you will then come to a STOP except for right turn sign. Stop and stay on Rt. 152 north left. Go to next stop sign, which will be Rt. 113 turn right. Approximately ¼ mile turn left onto Telegraph Road. Approximately ½ mile are the fields on your right. From the Doylestown/Chalfont/New Britain Area: you can either take Route 152 North. Stay on Route 152, Hilltown Tavern and follow the directions above. Or you can take Route 313 north through Dublin and turn left onto Rt. 113. Continue on Rt. 113 through Blooming Glen. Approximately ¼ mile past Callowhill Road traffic light is Telegraph Road on your right. Turn right and fields are on your right approx. ¼ mile. From West: From the intersection of Route 309 and Route 113 (Souderton), take Route 113 North (LEFT) to Telegraph Road which is about ¼ mile past Rt. 152, turn left go approximately ¼ mile, fields will be on the right.

**RESTROOMS** YES

FIELDS	KEY	SEQ	FIELD NAME	GAME SCHEDULE	DIMENSIONS	SURFACE	LIGHTS	STATUS
	3556328	1	Telegraph Rd Field #1		75x100	Grass	NO	OPEN
	60792097	2	Telegraph Rd Field #2 (ss)	--	60x100	Grass	NO	OPEN
	57033773	3	Telegraph Rd Field #3 (ss)	--	60x100	Grass	NO	OPEN

Selecting **MODIFY this Complex** enables you to modify any of the existing information or to add directions for the complex. Selecting **Add New FIELDS to this Complex** enables you to add 1 or more field(s) to the existing complex.

Once you have added a new complex and field(s) or added new fields to an existing complex you need to add permit information for that field(s). Refer to the instructions regarding field permits above.
